It is my immense pleasure that I was given the opportunity to work on the first issue of the AAA newsletter 'Insight AAA'. As we know, a newsletter mirrors a AAA & its Vision & Mission. It also highlights events, activities and achievements of our alumni. In this issue, we have tried to include last one year achievements and the activities/events. I would like to thank my AAA Execom members, Department faculty coordinators and the student ambassadors for their everlasting support in creation of this issue. I do hope that the newsletter will give message for motivation to the students/alumni to use it as a platform to present their creativity and ideas. We welcome all valuable suggestions for continuous improvement of upcoming issues.

About - AAA

ABES Alumni Association (AAA) was founded in 2007 with the objective to promote and foster mutually beneficial interaction between the Alumni and the present students of the ABES Engineering College and between the Alumni themselves. All students, on passing out, become members of the alumni association. There are 11k + members in the association as of now (2017-18). The association is registered with the Registrar of Societies, Meerut with specified organization and bye-laws.

For efficient functioning of the association, the General Body meets annually (AGM), and elects an Executive Council. On this Occasion College organizes its yearly 'Alumni Meet-cum-Decadal Celebrations' to organize a get-together in general & felicitate its alumni who graduated 10 year ago. AAA has a portal 'AlmaConnect' (<https://abesec.almaconnect.com/>) to connect alumni with students & faculty. The Alumni regularly visit the College and their interaction with current students is organized by academic departments and AAA together. The Executive Committee consists of seven office bearers and upto 20 members. The executive council meets at least once in two months to transact normal business of the association. Additionally, there are 2 nominated department faculty coordinators from each department to enhance interaction of the students & faculty with the alumni on subject of mutual interest and to develop a strong bond among them.

There has been immense contribution of the alumni towards career enhancement of ABESec students. They have been helping students in following areas:

- ❖ Regular interaction to provide them insight about what industry expects from its employees, thus empowering them to acquire industry specific trainings and develop right aptitude and technical competence.
- ❖ Lectures/ Seminars/Workshops on latest technologies.
- ❖ Seminars to guide students for admission/ studying abroad.
- ❖ AAA has also introduced Mentor Mentee scheme to provide career guidance to current students from Alumni.

AAA Vision

- ❖ Alumni Association aspires to be the central bridge linking ABESec with its family of alumni, attract them to the college and commit the alumni in realizing the goals and mission of the college.
- ❖ A lifelong connectivity between ABESec and its alumni by building a strong cemented relationship among the students and alumni.
- ❖ Leverage the experience, exposer, capability and dedication of all alumni to commit and attract them to actively participate, promote, advocate and showcase alumni association as a partner of ABESec.
- ❖ Stay connected with the events and activities of alumni association.
- ❖ Alumni Association provides a platform and networking for the alumni to stay connected with its ambassadors and advocate for ABESec.
- ❖ Alumni Association encourages professional association and supports alumni programs, activities, facilities and services of the alumni and their life long affiliation to ABESec.

AAA Mission & Objectives

- ❖ Access & harness latest innovations and technology needs in engineering & marketing from specialists for the benefit of community in general & current crop of students in particular.
- ❖ Get latest facilities like internship, jobs, and references for them and to bridge the gap between Industry and academia.
- ❖ Impart current students with social, ethical & moral – values and imbibe in them a zest to do good to nation in particular & to the world society in general.
- ❖ To foster, maintain, support and establish a lifelong mutual and beneficial bonding between ABESec and its alumni and their family, across the globe and continually enrich the relationship with the alumni chapter.
